

XG
SERIES

GENERAC®

XG SERIES PORTABLE GENERATORS

User-friendly and compact for home or job site

XG SERIES GENERATORS 4000 – 10000 WATTS

The premium XG Series models come loaded with features that make owning and using a portable generator easy. Comprehensive and accessible controls are user-friendly, and the heavy duty design with full-wrap frame tubing is engineered for years of dependable use.

Covered Outlets

Provides added protection from the environment and rugged working conditions

Easy to Read Fuel Gauge

To monitor fuel usage

Plug-in Battery Charge Jack

Keep the battery charged and ready to go - included on electric start models

Exclusive Lighted PowerBar

Displays available wattage

Illuminated Control Panel

For improved visibility

Fold-down, locking handles

Provide easy portability, factory installed

Compact Design

Provides unparalleled power to weight ratio

Heavy-duty, Never-flat, Rally-style Wheels

For easier portability

GENERAC OHVI® ENGINE

The power behind the performance

All models feature Generac's OHVI engine, which utilizes the same type of pressurized oil lubrication used to give automobile engines long and trouble free lives and has a significantly longer life than competitive engines – an unprecedented three to four times longer.

WHAT'S INCLUDED

- Wheel Kit & Handles
- First Oil Supply
- Owner's Manual
- Maintenance Kit

Convenient all-in-one control panel

What will it power?

How do you determine what size generator you need?

Sizing a portable generator is relatively easy. Check out this sample:

- 1** Choose which devices you want to power at the same time.
- 2** Record and add the running watts listed for each device that you need to power.
- 3** Record the starting watt requirements for each device.
- 4** Add the starting watts for the highest starting watt device plus the total running watts to determine the total running watts & starting watts requirements.

Consult the specifications on the back page to find the correct generator for your needs.

Device	Running Watts	Starting Watts	Total Running Watts	Total Starting Watts Requirement
Paint Sprayer	600	1200	4040	4500
Halogen Light	1000	1000		
Belt Sander	1200	2400		
Table Saw	1800	4500		
Total	4040			8540

In this example you would need at least an XG7000 to power and start all of these devices at one time because an XG7000 provides 7000 running watts and 8750 starting watts.

Device	Running Watts	Starting Watts
Lamp	100	100
Radio	100-200	100-200
Television	150	150
Fan	200	200
Coffee Maker	600	600
Refrigerator	700	2200
Computer & Monitor	800	800
Sump Pump	800-1050	1300-2150
Microwave Oven	1000	1000
Well Pump	1000	2000
Washing Machine	1150	2250
Electric Range	1200	2100
Space Heater	1800	1800
Window AC (10,000 BTU)	1500	2200
Water Heater	4000	4000
Heat Pump	4700	4500
Central AC (40,000 BTU)	6000	6700
Inflator Pump	50	150
Electric Grill	1650	1650
Hand Drill	440	600
Battery Charger (15 Amp)	380	380
Paint Sprayer	600	1200
Belt Sander (3")	1000	2000
Halogen Work Light	1000	1000
Belt Sander	1200	2400
Chain Saw	1200	1200
Circular Saw	1400	2300
Table Saw (10")	1800	4500
Air Compressor (1 HP)	2000	4500

PORTABLE POWER SINCE 1959

Since the original portable that started it all in 1959, Generac has continued to engineer advances in standby power for more than fifty years. Generac's product range now includes power solutions from RV, portable, and automatic home standby generators to backup systems for commercial and industrial applications, all backed by an extensive nationwide service network of certified dealers. Because of our ongoing commitment to quality and innovation, Generac is the name home and business owners have come to trust.

PORTABLE PARTS AND SERVICE

Generac portable generators are supported through an extensive nationwide service network that provides parts and technical support to homeowners and contractors. For a portable generator dealer near you, visit generac.com.

#1 SELLING HOME STANDBY GENERATOR

The #1 selling home standby generator from Generac provides home and family with true security – automatically – during power outages. While portable generators are an excellent option for many applications, installing an automatic standby generator means no more hassles from setting up a portable in the dark, gas cans and extension cords. Generac has more home and business automatic standby options than any other manufacturer.
